the slain man, was also found guilty
of first degree murder and sen-
tenced to life imprisonment.

BOBBED HAIR AND SHORT SKIRTS OLD AS THE PYRAMIDS

Mummies in Field Museum in Chicago Show Modern Styles are no Innovation

CHICAGO, Ill.—Bobbed hair, concealed ears, short skirts and all the other fads and fancies associated with modern women's styles are as old as the pyramids according to the mummies of Egypt and Persia in the Field Museum.

Wrapped in their pitch-plastered shrouds and encased in sarcophagi covered with curious paintings and hieroglyphs in colors still bright after three thousand years and more, these mummies, all that was mortal of a human being of ages ago, today still the present to a civilization long since dead.

The daily center of thousands of curious eyes, for the mummies seem to hold a strenuous fascination for every visitor to the museum, they are silent spectators of the passing throngs, but the paintings which adorn their resting places tell more plainly than words of styles, customs and manners of a forgotten age.

"Why, ma, they're dressed just like the girls we see on Michigan boulevard," exclaimed an aged visitor to his wife as he gazed at the strange figures adorning the sarcophagi.

"It appears like they did not wear a bit more than they do now," the woman answered as the pair moved away.

It is a far cry from the Nile of Cleopatra's day to the Pacific coast of Peru in South America, but mummies from both regions lying almost within reach of each other now, but in life ignorant of each other's existence, bear

graphic evidence of the greatest similarity and proficiency in many arts at a time when the Norsemen were ravaging all of southern Europe and the old world had almost sunk into barbarism. Dr. J. Alden Mason, assistant curator of Mexican and South American antiquities at the museum, has prepared an outline of the known history of the Peruvian mummies.

Both wore cloths in every weave known to the modern textile artist and made in some cases, finer than are duplicated today by the best mechanical means and the most skilled artisans. Their pottery is unsurpassed even today in its type and their work in gold and copper challenges the modern craftsman. Unlike the Egyptians, the Peruvians used no process of embalming, but so dry were the sands of certain of their deserts that the dry bodies with their wrappings around them, have been preserved perfectly

to this day with the objects placed around them.

Near the town of Ancon on the coast of Peru was found the greatest cemetery of these people. A great desert waste, no evidence of occupation is seen on the surface. Even when the first Spanish conqueror passed this way in 1533 every vestige of human occupation had entirely disappeared and the location of the town was quite forgotten. It was not until about seventy years ago that the first graves were discovered and for half a century they have yielded treasures to treasure seekers who despoiled them to recover the golden ornaments left beside the bodies.

And now the mummies of both of these peoples tell of strange similarities in style, adornment, manners and industries to those of the present generation. It is a linking of the past to the present which holds a peculiar at-

traction, for the mummies, lying in silent state, are the most popular exhibit for the thousands of visitors who daily crowd the museum.

First Called "Vertical Railway"

It was not until the early '70s that the "vertical railway" was introduced in England, the first "lift" being installed in Albert hall and to ride in this the passengers were required to pay a fee of one penny. Today, the "lift" is nothing like so common in Europe as the "elevator," which is our name for the thing, is in the United States. One reason for this is that

the United States is the birthplace of the skyscraper, and high buildings, as building heights are measured in America, are infrequent in Europe.

Area of Central America

Guatemala has an area of 17,500 square miles, and a population of 2,000,000; Honduras, an area of 44,275 square miles, and a population of 553,000; Salvador, an area of 7,225 square miles, and a population of 1,300,000; Costa Rica, an area of 23,000 square miles, and a population of 441,000, and Nicaragua, an area of

51,700 square miles, and a population of 600,000—in all nearly 5,000,000.

Improvement Always Mutual

No improvement that takes place in either of the sexes, can be confined to itself; each is a universal mirror to each; and the respective refinement of the one will be in reciprocal proportion to the polish of the other. —Colton.

Head Light For Piano Player

The latest piano lamp is an electric light mounted upon the head of

the performer. It throws its radiance upon the music and keys without shining in the eyes of the performer. Of course with phonographs in parlors there's a fine chance to break records.

To All Telephone Users

BECOME a partner in the "Bell System" by purchase of American Telephone and Telegraph Company stock.

We believe that there are few, if any, concerns in this country whose positions are more secure

BECAUSE:

Financially

Its assets in value equal not only all its indebtedness but also at least twice the per value of its outstanding stocks. Its stockholders have paid in, in cash, much more than the par value of the stock. There is no "water" in the capitalization.

Commercially

Its growth is sure and steady—regardless of the ever-changing business conditions.

As it has come to be more and more recognized as a necessity, its expansion is more rapid than the growth of the country itself.

Earnings

THE AMERICAN TELEPHONE & TELEGRAPH COMPANY has never paid a dividend which it has not earned with a wide margin of safety. It is now earning at the rate of about \$12 per share plus its equity in the undivided earnings of its controlled companies.

Record

For forty consecutive years the Company [with its predecessor] has paid uninterrupted dividends of at least \$7.50 per share. The Directors have now placed the Company upon a \$9.00 per year dividend basis.

Prospects

There is a large business in sight and the evidence of the past points to an endless increase.

Distribution

The \$515,000,000 stock of this Company is owned by more than 175,000 different people, an average of about 29 shares to a stockholder! We believe that no other Company in the world, having no preferred stock, has so many stockholders. It has many stockholders in every State and is adding new ones faster than ever before in its history.

Politically

The Company is "NOT IN POLITICS." The Public Commissions now know that this is true and they know that the Operating Companies endeavor to be fair with the public and with the Commissions. They therefore almost universally accord fair treatment to the Company.

Character

A CORPORATION may be quite right in all the above respects but still be unsound because of its management. This company is sound.

This Company has CHARACTER in its Management, sound, honest, faithful, intelligent CHARACTER.

Its traditions are those of fair treatment and efficient service to the public; its personnel is saturated with these ideals, from its President, H. B. THAYER, all through the organization and through the organizations of its associate companies.

We recommend the purchase of its shares, which are now selling at about \$107 per share, and should be glad to receive orders for any amount from one share up or to give any further information desired.

PASTOR GIVES WORLD SERIES MONEY TO AID JOBLESS IN GOTHAM

Urban Ledoux to Rent Five-Story Building to House and Feed Unemployed

NEW YORK.—Urban Ledoux, the Mr. Zero of the auction block, Thursday extended his plans for helping the jobless by starting negotiations for the lease of a five-story building on Front street, capable of housing 1,000 men.

He hopes also to have the churches throw open their halls to the unemployed, and is planning to call on Bishop Manning of the Episcopal diocese of New York with this purpose in mind. He hopes bright and early to recruit an army of human exhibits to show the churchman that his projects were worthy of aid.

The Rev. Clifton Mason, rector of All Souls church, sent to a newspaper a check for the amount which he had planned to pay for tickets for the coming world's series and asked that the money be used to feed the hungry men and women. He said he had been a baseball fan for years, but his conscience would not permit him to use the money to buy tickets for the series when the unemployed were unable to get enough to eat. He intends later to give for the aid of the unemployed the money he had planned to spend on a hunting trip next month. He suggested that a world's series between teams finishing second be held for the aid of the unemployed.

Possibility of Another Ice Age
A succession of such eruptions as that of the Mt. Katmai volcano in Alaska in June, 1912, would plunge the earth into another ice age by reducing the sun's temperature to a low degree on earth. Dr. Robert E. Griggs said before the American Association for Advancement of Science.

Working Like Beavers
"Beavers do not work for a period of three months or more each summer," according to an exchange. And college professors, it is said, "work like beavers."—Baltimore Sun.

Daily consumption of gasoline in the United States in April, 1920, amounted to 112,128 gallons.

WHAT'S THE MATTER WITH US, ANYWAY?

Benjamin M. Anderson, Jr., Economic Editor of the Chase National Bank, New York, tells the Tribune and Leader-Press what it is and suggests a cure.

BY B. M. ANDERSON, JR., Economist, the Chase National Bank, New York.

The root of our troubles is in Europe, and it is difficult to see how we can have really good business in the United States until conditions in Europe improve. But we can have much better business than we now have, in the absence of improvement in Europe, as we can improve our domestic readjustment.

During the period of intense activity when we were shipping goods to Europe in unprecedented volume, we were drawing labor and capital away from important domestic uses. We neglected our railroads, we neglected our public utilities, and very especially we neglected to keep up our housing facilities.

There is a great volume of deferred construction which will create effective demand, and might even lead to a building boom, when wages in the building trades and building materials shake down to proper levels, and when efficiency in building labor is restored. There is real promise in the recent decision of Judge Landis in the Chicago Building Trades' arbitration.

Chance For Buying

Quite as important as the question of wages is the question of elimination of restrictive practices. Similarly a great deal more can be bought by the railroads and the public utilities as the prices of the things they need go down and as their financial position is improved through a reduction in wages and other costs.

So far we have only half completed the industrial readjustment. The industries which the war expanded have contracted again, but the industries which the war starved have not expanded as yet to take up the slack.

There are six main resistance points in the domestic price readjustment. They are:

- ONE: Prices of finished manufactures as compared with raw materials and farm products.
- TWO: Retail prices.
- THREE: Wages in most lines of

manufacturing, and very especially wages on the railroads, in the bituminous coal fields and in the building trades.

FOUR: Building materials.

FIVE: Steel and its products.

SIX: Railway rates on steel, building materials, and other bulky goods.

If we could have prompt and adequate readjustment in these particular cases, we should speedily see much better business.

The Real Trouble

The great underlying trouble is a world maladjustment due to Europe's partial withdrawal from her normal place as the world's great center for manufacturing.

Economic life goes smoothly when things are produced in right proportion. With the present low rate of production in Europe, the world's aggregate production is cut down; but owing to the shortage of manufacturing capacity in Europe, there is a relative excess production in the non-European world of raw materials and farm products.

Raw materials, especially, have as a consequence been concentrated on our American markets; and our manufacturing capacity, expanded though it was by the war, was inadequate to take care of it all. Our factories worked feverishly and were overstrained, wastes multiplied, and manufacturing costs rose very high.

Meanwhile, the relative excess of raw materials and farm products led to a violent break in the prices of these things. As a consequence, the buying power of farmers and other

GIRLS! LEMONS WHITEN THE SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon-juice to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

producers of raw materials was so cut that they could not afford to buy even the relatively scant manufacturing output at prevailing prices. Then reaction and depression reached the manufacturing industries also.

The Solution

The fundamental solution is the restoration of Europe to her normal position in the world's economy. Europe must be helped to produce and must be allowed to find markets for her products. A high protective tariff, depriving Europe of an American market, would be a most serious handicap to the world's recovery.

Recognizing, however, the handicap which Europe's condition imposes upon us, we must still recognize that our present rate of production and consumption is much too low, and that we can look forward to very substantial improvement in the United States through completing our domestic readjustment.

Something Wrong

Frederick had his fifth birthday. Being used to a little celebration on those events in the family, he thought this was dull as nothing but a birthday cake marked the day. The following day he said: "Mother, didn't you forget to send out birthday cards?"

PLAN PAGEANT FOR RED CROSS MEETING EARLY IN OCTOBER

Cast of 1,800 With Chorus of 1,000 Voices to take Part in Production

COLUMBUS, O.—Work is proceeding rapidly on a pageant of the Red Cross, which will be given at the national convention of the Red Cross here October 4 to 8. The pageant will depict the development of the Red Cross.

The spirit of humanity, the greatest mother in the world, will be the outstanding figure in the spectacle. Plans call for a cast of 1,800 with a chorus of 1,000 voices.

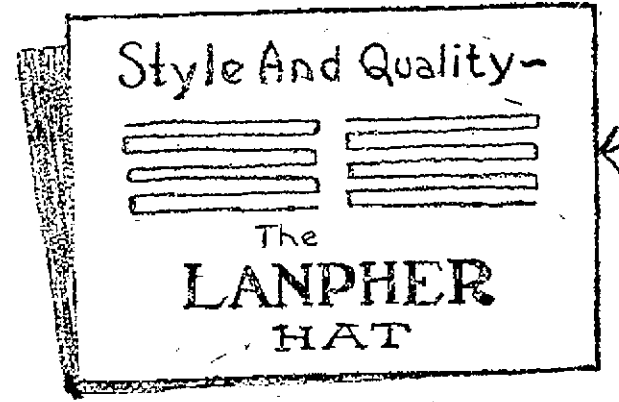

The comprehensive peace time program of the American Red Cross will be given a thorough exposition at this convention. Many of its leading authorities both in this country and from abroad, will set forth their work. The list of speakers that have been invited contains a number of the foremost persons in this country.

The third day of the convention has been set aside for reunions of nurses, cautions workers, motor hospital corps, camp service and production work-

ers, as well as for sectional conferences.

To inquire as to the welfare of an Arab's wife or daughter is considered an insult.

Constipation never will "get" you IF you eat a little of KELLOGG'S BRAN every day

Insist upon Kellogg's "the original Bran" cooked and krumbled in the green and red package

Just as certain as you are reading this message you can cut constipation out of your system by eating Kellogg's Bran, cooked and krumbled, every day! Quit pills, quit cathartics! They aggravate an intestinal condition that throws the doors open to about 90 per cent of human ills!

What you need quickly is BRAN—Kellogg's Bran! Bran is not a "remedy"; bran is nature's food that naturally keeps the intestinal tract clear of congestion!

Kellogg's Bran mechanically sweeps the bowels without irritation, without discomfort. Bran purifies and cleanses! If you will use Kellogg's Bran regularly you will head off constipation naturally! Your physician will indorse the value of Kellogg's Bran for constipation.

There are endless palate tickling ways to serve Kellogg's Bran, cooked and krumbled. (See recipes on package.) Try sprinkling bran on your favorite cereal every morning. You'll enjoy the nut-like Kellogg flavor—it's great!

Your health can't afford another day's delay! Know for yourself what Kellogg's Bran must mean to you and to every member of your family! INSIST THAT YOUR GROCER SUPPLIES YOU WITH

BRAN BREAD
2 cups Kellogg's Bran; 1 cup boiling water; 1 tablespoon shortening; 1/2 cup molasses; 1/2 teaspoon salt; 1 compressed yeast cake soaked in 1/2 cup lukewarm water; 4 cups flour. Pour boiling water over Bran. Let stand 1/2 hour. Add melted shortening, molasses, salt, yeast and flour. Beat well and let rise. Turn into buttered bread pans. Let rise again and bake for one hour.

BRAN COOKIES
1 cup Kellogg's Bran; 1 cup wheat flour; 1/2 cup graham flour; 2 tablespoons shortening; 1 egg; 1 cup sugar; 1/2 cup molasses; 1/2 cup milk; 2 teaspoons baking powder; 1/2 teaspoon salt. Beat thoroughly shortening and sugar, egg and milk. Add dry ingredients. Beat mixed batter with spoon in well greased pan. Bake about 25 minutes in hot oven. These cookies will make three dozen cookies.

Kellogg's
the original BRAN - cooked and krumbled

FORMER RESIDENT QUESTIONED AS TO MONROE MURDERS

William Kinney Warned by
Monroe to Cease Attentions
to Girl, is Arrested

GIRLS PROBABLY ATTACKED BEFORE SLAIN SAY DOCTORS

Examination of Bodies Shows
Indications of Assault

DOWAGIAC, Mich.—Efforts of Cass county authorities to solve the mystery of the murder of William Monroe, his wife and 17-year-old daughter Neva, centered Friday on questioning of William Kinney, a former resident of Dowagiac, who was arrested on his farm near Temple, Mich. and brought here by Sheriff Wyman.

Kinney's detention, the sheriff stated, was prompted by a report that he had been warned by Monroe to discontinue his attentions to Neva prior to removal of the Kinney family to Temple, a year ago. The sheriff added he had been told, Kinney was in Dowagiac last Saturday, the day the Monroes are supposed to have been killed.

When arrested, Kinney disclaimed any knowledge of the slayings and claimed an alibi, supported by his wife.

Authorities indicated Herbert Smith, another man held for investigation would be released.

Examination of the bodies of Neva and Ardis Monroe has indicated, according to the examining physicians that the two girls might have been attacked before the murders struck them with a nail studded club. The two doctors, George W. Green and J. H. Jones of Dowagiac, said they would testify to this effect when the coroner's jury reconvenes. The physicians said marks about the bodies led to this belief.

BODY OF BADGER MISSING 5 YEARS FOUND IN SWAMP

STURGEON, RAY, Wis.—The decomposed body of Martin Carmody, who disappeared five years ago, was found Thursday in a quagmire by Herman Thuge a duck hunter. Identity of Carmody's body was made by the clothing he wore, a watch and dental work. Carmody disappeared in 1916 after becoming ill. Clues leading to parts of Wisconsin and Michigan proved unsuccessful in locating him. It is believed by relatives who made the identification, that his mind became unbalanced, due to illness and that he wandered into the quagmire and perished.

CHEMISTS PROBING CAUSE OF FACTORY BLAST IN GERMANY

PARIS.—French government chemists have begun an investigation at Oppau, Germany, where several hundred persons were killed by an explosion on Wednesday morning, to determine whether secret war stores and munitions had been clandestinely manufactured there, says a Maceur dispatch to the Journal.

Their inquiry has shown the explosion was due to the spontaneous decomposition of a pure product—ultra-sulphate of ammonia—from which wonders were expected as a fertilizing agent.

Manufacture of this salt has been going on in the plant for the past five months and considerable stocks accumulated.

BREAKFAST TO EVERY SOLDIER IS PLAN OF NEW YORK CITIZENS

NEW YORK.—A movement to provide "breakfast for every soldier every morning" was started Thursday when representatives of business, educational, social and civic interests met at the Bankers' club to consider the question of relief for former service men who are out of work.

It is planned to make the movement nation-wide. More than 100,000 ex-service men here are reported out of work.

NEW YORK WOMAN SHOOT RIVAL AND THEN ENDS LIFE

(Continued from page one)

Mrs. Lawes is 32. The younger woman, according to police, had been married to Jerome Wagner of this city but a divorce was granted about three years ago.

Borland was questioned by Assistant District Attorney Wilson and admitted he liked Miss Hanan very much, but denied they were engaged.

Police said the two women had been almost inseparable for four years. They expressed belief, however, that Mrs. Lawes had become so incensed by Miss Hanan's acceptance of social invitations from Borland that her mind had become affected. Miss Gotschelt told police that Mrs. Lawes had been in love with Borland and had been extremely jealous.

In an effort to save Miss Hanan's life, a blood transfusion was made. Dr. Harvey Pier was the donor. Assembled at the hospital were Borland and the girl's mother and brother.

MONASTERY FOR SALE CANTERBURY, Eng.—Blackfriars

monastery, built in the fourteenth century, has been put up for sale by a local real estate firm.

PARIS WALL TORN DOWN

PARIS.—The fortifications around Paris are being torn down. This will open up an area of 2,164 acres for expansion.

GIRL, ASKING \$5,000 DAMAGES, TELLS OF RIDE WITH ABRAHAM

Ella Larson, Who Jumped from
Auto at West Salem Examined
Before Judge Hunt

Ella Larson of Onalaska, who is suing George Abraham for \$5,000 damages, as a result of an automobile ride she took with Abraham near West Salem in which she jumped from the car to avoid the advances Abraham is alleged to have made, appeared before Judge Hunt for an adverse examination Friday morning.

Miss Larson told practically the same story that Abraham did when he was examined some weeks ago, telling of meeting Abraham at the dance in the West Salem stock sales pavilion on August 7, of being invited to have a drink of soda with him, getting into the car to ride to the main street of the town and how he started to drive out into the country. She also described how she leaped from the auto, the car was going about 20 miles an hour, it is alleged. She denied Abraham's statement that he had said he was merely going to drive around the asylum and back to the dance and told of Abraham's alleged remarks "that he had made other girls walk back before."

ALEXA STIRLING LOSES PLAY FOR CANADIAN TITLE

OTTAWA, Ont.—Miss Cecil Leitch, British woman's golf champion, Friday defeated Miss Alexa Stirling of Atlanta in the Canadian championship tournament by 3 to 1.

Miss Stirling thus loses her title as Canadian champion, which Miss Leitch is regarded as certain of winning in the final round of the tournament Saturday. Miss Leitch is entered in the United States women's championship tournament next month, where Miss Stirling will defend her title.

SPECIAL MEETING OF COMMON COUNCIL FRIDAY, SEPT. 30

Mayor A. A. Bentley has called a special meeting of the common council for Friday evening, September 30, according to announcement made at the office of the city clerk Friday morning.

Alldermen having business to be brought up before the meeting will be requested to have the matters placed on special call Tuesday, September 27.

CASHTON MAN LOSES FORD ROADSTER ON THURSDAY NIGHT

Edward Silha, Cashton, here visiting the Interstate fair Thursday evening is missing one Ford roadster Friday.

Mr. Silha, in his statement to the police late Thursday night, declared that the machine was parked outside the grounds and that it was missing when he left the grounds at 11:25.

The license number of the car was 121-0195 W. with a motor number of 229814.

WOMEN REFUSE TO VISIT CLINIC; SENT TO STATE HOSPITAL

Berle Nelson, Mary Armstrong and Adelaide Stea were ordered removed to the state hospital at Mendota, by County Judge Brimley Friday morning.

They were arrested on warrants sworn out by Dr. V. A. Gudek, deputy state health officer. Mr. Gudek charged that the women had failed to report at the board of health clinics, for treatment.

RUSSIA CALLS ON RUMANIA TO GIVE ANTI-RED LEADER

RIGA.—By The Associated Press.—A note demanding that Rumania surrender General Makino, anti-bolshevik leader in the Ukraine, together with his followers as "common criminals," has been dispatched to Rumania by the soviet authorities. It was announced in a wireless message from Moscow today.

BLAINE'S CAR WRECKED

MADISON, Wis.—The governor's new sedan was wrecked Thursday night on a bridge over the Rock river, five miles east of Watertown. Sanford Reque the chauffeur, was thrown from his seat and bruised, although not seriously.

The car swerved on a slippery road and crashed into the side of the bridge.

Governor Blaine was not in the car, which was being driven to Madison after being repaired in Milwaukee.

Obituary

MRS. ANNA CAVADINI
Mrs. Anna Cavadini, wife of Peter Cavadini, of Middle Ridge, Wis., died Thursday at a local hospital. Surviving her are her husband and ten children, ranging from infant great ones to 18 years, six boys and four girls, her parents, Mr. and Mrs. Nick Weber, of Middle Ridge, two brothers, Nick and John Weber, town of Portland, Monroe county; three sisters, Mrs. Math Luck, La Crosse; Mrs. George Wenzel, St. Joseph, Mo.; and Mrs. Ed Mashek, town of Portland, Monroe county. The funeral will take place Monday, September 26, from the home and at 2:30 a. m. from the Middle Ridge Catholic church. Interment at the Catholic cemetery at that place.

"The Pawnee Scouts" after the Civil war became known as "Buffalo Soldiers."

CLAIMS EUGENISTS DO NOT WANT TO ABOLISH ROMANCE

Natural Inclination the Best
Guide for Young People
Declares Englishman

NEW YORK.—True lovers need not shy off at mention of the word "eugenics." Eugenists do not desire to abolish love as a guide to the selection of mates in marriage, but only wish to purify it of all harmful effects.

This is the reassuring message brought to American young men and women by Major Leonard Darwin, one of England's leading eugenists, and son of Charles Darwin, originator of the Darwinian theory of evolution. Speaking before the International Congress of Eugenics, which opened Thursday night, Major Darwin declared the popular misconception, which credits to eugenists, the desire to substitute "artificial breeding" principals for romance.

"If young people were always allowed to follow their natural inclinations," he declared, "their mating usually would be wise from the standpoint of eugenics. But many marriages which are made for wealth or social position do not tend to better the human race."

Segregation of the feeble-minded and other subnormal types is, the most important end for which eugenists are striving, Major Darwin continued.

Dr. Charles B. Davenport, director of the department of eugenics at Cold Springs Harbor, N. Y., predicting ultimate extinction of the human race, declared the application of eugenic principles would stave off the end for many centuries.

CHICK EVANS OFF IN PUTTING: TITLE SEEMS IN DANGER

ST. LOUIS, Mo.—Chick Evans' utter refusal to work again Friday on the first 18 holes of the semi-finals for the national amateur golf championship, and he finished the first round four down to Jesse Child with a good prospect of losing his title.

In the other semi-final match, Bob Gardner made a good bid in the morning for another try for the third victory by taking a lead of 3 up to Willie Hunter, British champion. This match displayed the better golf, Gardner scoring 39-39-78 and Hunter 39-41-80, despite a downpour of rain during most of the round and a soggy course that covered the balls and the players with mud. The officials permitted the cleaning of balls on the greens but the pellets whipped up sprays of water as they ran through the grass and made putting uncertain.

Evans played the better game to the green most of the way, but he could not get his putts down.

DANCE INSTRUCTOR RETURNS TO CITY FOR SATURDAY CLASS

Miss Sam Winifred Rothman, dancing instructor, will return to La Crosse on Saturday for her second class, after organizing the embryonic artists last week. The class will meet at the Elks hall.

Miss Rothman is a graduate of the Paevly-Gutwinsky school of dancing in Chicago, and one of the instructors at that well-known institution. In La Crosse she has organized classes in Russian ball and ball room dancing, to instruct which she will visit this city every Saturday.

BOGUS CHECKS ARE PASSED IN SEVERAL PLACES

The police are looking for a clever check forger who cashed bogus paper, each check for \$50, at several downtown business places during the past two days. Among the places at which checks were cashed were those of Sam Groat and Emil Billgren.

HOP CROP IS POOR

LONDON.—The absence of rain this summer is the cause given for a much poorer crop of hops this year than last. Hop growers of Kent expect only a 50 per cent yield.

STORM STOPS RADIO

PARIS.—Wireless communication between the Deauville station, near Lyons, and America, has been cut off by a storm that tore down two of the 600-foot towers.

FRED OLIVER FACES CONTEMPT CHARGE BEFORE JUDGE HUNT

Brakeman Denies He Annoyed
Wife Who Asks Divorce;
Court Dismisses Action

Fred Oliver, Milwaukee passenger brakeman, who is being sued by his wife Anna Oliver, for a divorce, faced Judge Hunt Friday to show cause why he should not be adjudged in contempt of court. Oliver was charged by Otto Bosshard, attorney for Mrs. Oliver, with violating a court order that he remain away from Mrs. Oliver and not molest or annoy her in any way.

Oliver denied the charges and the court, dismissing the case, holding that there was not sufficient evidence to find Oliver guilty. The court, however, told Oliver that a violation of his orders, pending disposition of the divorce charges, would mean a jail sentence.

Bosshard charged that Oliver had been calling his wife on the telephone, accosted her on the street, and, after Mrs. Oliver had new locks put on the doors, had obtained a ladder, climbed in a second story window and ransacked the house. All of these charges Oliver denied.

PENROSE HOLDS OFF TAX BILL; TO PUSH IT AFTER MONDAY

WASHINGTON, D. C.—Plans for Senate consideration of the tax revision bill were changed again Friday by Chairman Penrose of the finance committee, who announced he would defer calling up the measure until Monday. He gave notice, however, that from that time on he would insist on continuous consideration of the bill unless there were compelling reasons for delay.

The Senate Friday resumed debate on the conference report on the anti-beer bill, no opposition developing when Senator Sterling, South Dakota, requested that consideration of the report be resumed. Senator Stanley, Democrat, Kentucky, author of the search and seizure amendment which in its modified form was the issue precipitating the protracted debate, began a review of the grape and raisin industry, contending that prohibition had increased the price of raisins from \$20 a ton to \$400 and that the price of grapes had been increased many hundredfold.

JOBLESS WOMEN OFFER THEMSELVES TO HIGHEST BIDDER

SPRINGFIELD, Mo.—Two women here Thursday offered to sell themselves and their services to the highest bidder. The first woman offering herself for sale inserted an advertisement in the newspapers here which read:

"Will offer myself to the highest bidder in order to support my Angel."

The woman has a child aged five.

The other woman offered to gamble on her earnings for one year, offering two per cent of her wages for a room.

LABOR ASKED TO JOIN WORLD-WIDE PEACE MOVEMENT

WASHINGTON.—Labor organizations in Great Britain, France, Italy and Japan, were asked to join in "world-wide demonstrations for disarmament" on Armistice day, when the armament conference assemblies, in subterfuges sent out by Samuel Gompers, president of the American Federation of Labor.

CARD OF THANKS

We wish to thank the many friends and neighbors for their kind assistance during our bereavement, the death of our beloved mother, Mary. Especially do we wish to thank Rev. Hy and the pastors and all who sent floral offerings.

MR. AND MRS. FRITZ ZIMMERMAN.

CARD OF THANKS

We, the undersigned, hereby wish to extend our heartfelt thanks to all friends, neighbors and relatives who assisted us during the many years of illness and death of our beloved mother, Wilhelmina Wells. We also wish to thank all those who sent the beautiful floral offerings, Rev. Gamm for his consoling words, the pallbearers, the Ladies Aid and the parties who were so kind to donate their cars for the funeral.

Mr. and Mrs. P. Rogge, Mr. and Mrs. W. A. Thompson, Mr. and Mrs. F. L. Grabowski.

CARD OF THANKS

I wish to thank all the friends and neighbors for their kind assistance during my sorrow and bereavement, the death of my dear mother. I especially want to thank the pastor, the pallbearers and all those who sent floral offerings. (Signed) D. L. GURLEY.

JUST A LINE ON WHAT IS COMING

GRANT APPLICATION FOR TEST SUIT ON FILLED MILK BILL

Carnation Company Secured
Permission to Start Suit to
Test Law's Legality

MADISON, Wis.—The supreme court Friday granted the application of the Carnation Milk company to start an original action in the name of the state, contesting constitutionality of the filled milk law passed by the last legislature. The law would prohibit manufacture and sale of milk compounds in Wisconsin, where practically all of these compounds are made.

It is expected that the contest over the new law, which goes into effect September 27, will be brought before the court at an early date. Announcement has been made by attorneys for the milk company that this is but the start of a fight which will be carried to the United States supreme court, if the state court holds the law valid.

Earners of Wisconsin are particularly interested in the action. Thousands of petitions from them during the legislative contest over the original bill, brought about passage with but small opposition in the assembly, and with a unanimous vote in the senate.

VERDICT FOR CHILD CUT ON WINDSHIELD WHEN CAR HITS POLE

WHITEHALL, Wis.—A verdict for \$3,000 was returned by a jury in the case of Emily Druska, a nine-year-old girl, against the Western Wisconsin Telephone company. The company has appealed the case.

The child was riding in an automobile driven by friends of the Druska family, in the main street of Arcadia, when the car collided with a telephone pole which, it was charged, was within a foot of the beaten path of automobiles and 15 feet away from the sidewalk fence. The windshield was broken and the child thrown against the jagged glass, cutting the exterior jugular vein. The child was seriously injured and her neck disfigured for life, it was charged.

The case was tried before Judge Hensel. It S. Cowie of La Crosse, was attorney for the child and Gavany and Barlow of Arcadia for the telephone company.

AUSTRIAN CROP DOUBLES

VIENNA.—Reports from the farm districts of Austria show that the Austrian harvest is from 60 to 100 per cent better than that of 1920.

YOUTH ADMITS HE STOLE HORSE; HELD FOR QUIZ OF PAST

Winona County Attorney to Investigate Ross' Letters from His Employers

WINONA, Minn.—Oliver B. Ross, 21, who was arrested Saturday afternoon near La Crosse on a charge of grand larceny in the second degree in connection with the theft of a horse from his former employer, George Lauffer, a farmer residing near Lewiston, pleaded guilty to information filed by County Attorney Earl Simpson in district court here Thursday morning.

Ross asked that an attorney be furnished him and Judge Fitzpatrick was appointed to his defense. Judge Fitzpatrick produced references from former employers of Ross in various parts of the county which stated that Ross had in the past been of the best behavior. Judge Calhoun then recommended Ross to the county jail while the references are investigated by the county attorney.

When arraigned in municipal court, Ross had waived examination and was immediately bound over to the district court.

BILLY MURRAY

Arrangements have been completed by the Fred Leithold Piano Co., local Victor dealers to present the Eight Famous Victor Artists in a most unique concert and entertainment at the La Crosse Theater on Saturday Evening, October 1, at 8:15. This occasion will mark the personal appearance of the best known stars of the Victrola record world.

Among the artists is Billy Murray, probably the most popular singer of

humorous songs in the world. Murray has the faculty of putting smiles into his recorded work and wherever he has appeared on the concert stage he has succeeded in arousing his hearers to a high pitch of enthusiasm.

Murray is a native of Denver, Col., but early in life he developed a large sense of wanderlust and as a result he has conversed intelligently regarding most any city in the United States. He is also a great baseball fan and knows practically every player in the National and American leagues.

Other members of the party are Henry Burr, tenor; Albert Campbell, tenor; John Meyer, baritone; Frank Croxon, basso; Monroe Silver, monologist; Fred Van Dips, banjoist; Frank Banta, pianist and accompanist. The Sterling Trio and the Peerless quartet are made up from members of the party and will favor with concerted numbers.

FREE REDS UNDER BOND

WASHINGTON.—More than 100 Russian anarchists are at liberty in this country under bonds which are covered by \$600,000 in Liberty bonds deposited with the secretary of labor, the department of labor announced Friday. Because the Russian soviet government refuses to accept them, it has been impossible to deport them.

STORM HITS PORTUGAL

LISBON.—Numerous persons were killed and injured during a heavy thunder storm which swept Portugal Thursday.

FARM LOAN BODY IS ORGANIZED BY HOUSTON COUNTY

CALEDONIA, Minn.—The Houston County Farm Loan association was organized here recently. The organization is a branch of the Federal Farm Loan bank of Minneapolis. A number of Houston county residents had some time ago made application for a charter and to aid in forming the company, a representative of the Federal Farm Loan bank came down to discuss the matter. The directors of the new association are: Conrad Roved, Spring Grove; Bernard G. Lechtenberg, Fraeburg; Pete M. Schultz, Con McCauley, Paul Reichau, Caledonia; president, Conrad Roved; vice president, Bernard G. Lechtenberg; secretary-treasurer, A. M. Eiken. The charter members have applied for loans to the amount of \$80,000 and the association will lend to farmers only, in amounts from \$500 to \$10,000 for a period of five to thirty-three years. The rate of interest to be charged is 7 per cent, 1 per cent of the interest to be applied to the principal. The headquarters of the organization will be in Caledonia, at the State bank.

Caravans caught on the desert by sand storms move obliquely through the storm in order to cross its path. Discovery of gold was responsible for immigration to Australia.

IN THE MORNING PAPERS A Summary of the News

CHARLOTTE, N. C.—Gloomy forebodings of last winter with respect to the banking situation are no longer justified. Governor Harding of the federal reserve board declared.

CHICAGO, Ill.—Charges that the Chicago packing industry was attempting to frame an egg monopoly through the Fordney tariff bill were made by the American Association of the Baking Industry.

NEW YORK.—A fund of \$100,000 has been raised among the friends of the late Franklin K. Lane, secretary of the interior, under President Wilson, the income of which will be paid to Mrs. Lane for life.

PARIS.—The value of the ships surrendered by Germany is fixed at 745,000,000 gold marks, by the war reparations commission.

NEW MEXICO BARS ALIENS FROM LAND OWNERSHIP ALBUQUERQUE, N. M.—New Mexico apparently has adopted an amendment to the state constitution which will prevent aliens who are ineligible to citizenship from owning land or holding land leases in the state, according to incomplete returns from the election.

Frequent exposure to carbon monoxide gas causes headache and malaise, but no cumulative harmful effect.

TINPLATE COMPANY ANNOUNCES BOOST IN PRICES FRIDAY

PITTSBURGH, Pa.—The American Sheet & Tinplate company, a subsidiary of the United States Steel Corporation, Friday announced an increase of \$5 a ton in the prices of its principal products over the extremely low prices which have prevailed for the last three or four weeks.

The new list shows blue annealed sheets advanced from \$2.25 to \$2.50 a hundred pounds, light black sheets and tin mill products from \$2.75 to \$3.00; galvanized sheets from \$2.75 to \$4.00 all Pittsburgh base.

The increase was brought about, steel authorities said, by a substantial demand. This demand has been steadily growing within the last three weeks, until today the company's mill operations was declared to be double that of September 1.

Another feature of the revival which attracted general attention was

the statement that "delivery over night" had ceased to be a part of the market and in most instances buyers would now be compelled to wait from 45 to 60 days.

By the system of photographing valuable records, the contents of seven big books may be crowded on a roll of film, the size of a tea cup.

BORAH FIGHTS PEACE PACTS SUBMITTED TO SENATE BY HARDING

Bases Opposition on Acceptance
in German Treaty of Ver-
sailles Pact

OBLIGATES U. S. TO KEEP
TROOPS ON RHINE HE SAYS

Look for Early Committee Ac-
tion of Peace Treaties

WASHINGTON, D. C.—Opposition to the peace treaties negotiated recently by the administration with Germany, Austria and Hungary developed when the senate foreign relations committee began consideration of the pacts transmitted Wednesday by President Harding. Senator Borah, republican, Idaho, leader of the "irreconcilables" in the fight against the treaty of Versailles, explained the basis of his opposition to ratification of the new treaties to the committee which considered only the German pact and adjourned until Friday without taking action.

Senator Borah's objection to the new peace arrangement, it was said, were based primarily on the acceptance in the new pacts of provisions of the treaty of Versailles. The effect, it was understood, Senator Borah contended, was to take America "through the back instead of the front door" into European entanglements.

Reports from the committee's executive session were that Senator Borah contended that ratification of the new treaties would entail a moral if not a legal obligation to retain American troops in Germany. Another major point of his opposition was said to revolve around American representation on the reparations commission. Appointment of such an American commissioner, he was said to have argued, would follow necessarily and hold American financial affairs, entailing interest in Europe's political problems for at least forty years—the period fixed for payment of the German indemnity.

The points brought out by Senator Borah were said to have been received with particular interest from Senators Johnson, republican, California; Brandegee, republican, Connecticut; and Shields, democrat, Tennessee, other senate "irreconcilables." Chairman Lodge, Senator New of Indiana and other republican members present were said to have been less impressed with Senator Borah's contentions.

Republican leaders expressed confidence of securing early committee action on the treaties, possibly within a week or ten days but some committee members said that considerable study probably would ensue. There were no forecasts as to when the treaties would reach the senate floor.

RUSHFORD PLANS A \$30,000 COMMUNITY HOUSE FOR CITIZENS

RUSHFORD, Minn.—Plans for a \$30,000 community house have recently been submitted to the Rushford Mayor and his council. "There is no doubt that a building for this purpose will be erected here in the near future," but the structure will probably not cost this amount. The matter will be brought up for discussion at a public meeting of the city and near-city residents.

Infant mortality of Egypt reaches 30 per cent among the natives.

Teamster's Life Saved

Writes Letter That is Worth Reading Very Carefully

Peterson Ointment Co., Inc., Buffalo, N. Y.: I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. I wrote several letters to the Peterson Ointment Co., but I could not find the name of the doctor who recommended it to me. Finally, Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thank you very much. William H. Hulse, West Park, Ohio, March 22, 1915, care J. G. Helix, Box 133.

Peterson says: "I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin Diseases." Peterson's Ointment is 25 cents a large box at all druggists, and there isn't a broad-minded druggist in America that won't praise it. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

COATS Are Cozy With Stylish Fur Trimming

"Coats can do no wrong" evidently this year—for whatever their new features—and there are many of them—they are all crowned with approval. They have very generally adopted wrap lines, the wide French sleeve, low graceful waistline, and cape back or blouse-effects. Huge cape collars or tuxedo of fur, together with wrappy cuffs and unexpected patches here or there, are especially effective in caracul, chinchilla or mole on coats of richly colored pile fabrics. Popular as well are coats of plush, in various lengths, some plain and some fur trimmed.

PLUSH COAT SPECIAL

made of Salt's Peco Silk Plush, 36 in. long, black opossum fur collar, lined and interlined throughout, all sizes, 16 to 45, a very special value at

\$25.00

NEW SWEATERS

Your wardrobe is not complete without a sweater, scarf or knitted wrap of some kind. The convenience and comfort derived from a knitted wrap cannot be surpassed by any other garment. It is no longer an accessory, but a practical every day garment, worn in many cases as a blouse. See our line of knitted wear.

Knitted Sport Coats of fine knit all wool yarns, knit so fine that it resembles jersey, tuxedo front, belt, pleat down back. **\$7.95** in brown, navy, black and green, at

BUTTERFLY SCARFS

Beautiful Scarfs in brushed wool, cut in a circular fashion, tuxedo front, fringe all around, has cord belt and when worn fits like a sweater. Beautiful color combinations, tan, grey, blue, rose, etc., at **\$6.95** and **\$7.95**

NEED CAPITALISM IN SOME FORM DECLARES DICTATOR OF RUSSIA

Lenine Tells Why Soviet Compromised on "State Capitalism"

LONDON.—In the first number of the new Labor Monthly, Premier Lenine explains the discovery of the Soviet government of Russia that it could not go along without capitalism in some form and why it has compromised on what it calls "state capitalism."

"State capitalism," he says, "is incomparably higher economically than our present economic system—that is one point; and secondly there is nothing in it that is terrible for the Soviet government, for the Soviet state is a state which guarantees power to the workers and the poor."

"One of the simplest cases or examples of how the Soviet government guides the development of capitalism along the path of state capitalism—is concessions. Everybody now agrees that concessions are necessary, but not everybody fully appreciates the significance of concessions."

"The Soviet government secures the advantage in the form of the development of productive forces and an increase in the quantity of products available immediately or within short period. We have, say, hundreds of enterprises, mines, forests, etc., we cannot develop them all; we have not enough machinery, food or transport."

"In 'planning' state capitalism in the form of concessions, the Soviet government strengthens large production against small production, the advanced against the backward, machine production against hand production. It increases the quantity of products of large industry in its hands and strengthens the state regulation of economic relations as a counter-balance to the petty bourgeoisie, anarchic relations."

China Suppressing Gambling

Gambling has been tolerated for a long time in China as a necessary evil, but a great anti-gambling movement is spreading all over the country and is making very rapid strides with the aid of crusading school children.

UNDER THE CAPITOL DOME

Odds and Ends of State Affairs by William J. Anderson

MADISON, Wis.—Much interest centers in the application for pardon made to the governor for Grace Lusk, the school teacher who shot and killed Mrs. David Roberts in Waukesha, and the application of John Johnson, who confessed to having murdered 11-year-old Annie Lemberger in this city nine years ago. It is reported by those close to the governor that he will probably release Miss Lusk on parole in order that she may receive needed medical treatment. A rather unique method of dealing with the Johnson case has been adopted by the governor. Johnson will appear with his attorneys before Court Commissioner Rufus B. Smith and the testimony which his alleged confession prevented from being heard on trial will be presented. It is rather unsafe to predict the outcome of a pardon application but in this case the probabilities favor Johnson. From the time he was rushed into court to confess to the crime under fear that he was to be mobbed and with equal haste taken to Waupun, there has been grave doubts about his guilt. No sooner was Johnson safe behind the bars at Waupun than he repudiated the alleged confession. A large majority of the people who took any interest in the case believe Johnson is innocent of the crime he is charged with and hope that he will be pardoned.

The fight of Attorney General Morgan on ratting has awakened widespread interest in the case. The reading public is familiar with the story of the Chippewa Falls hotel raffle which precipitated the attorney general's action. What is not so familiar with is the fact that the raffle form of gambling has been running riot in Wisconsin during the past ten or fifteen years. The Methodist church at its two Wisconsin conferences has expressed approval of the attorney general's action. Other churches will doubtless follow suit. The possibility of getting something of value without giving an equivalent for it which is the essential evil of gambling is one of the traditional sins of the race.

The city of Madison is probably suffering more from the scarcity of houses and the consequent raising of rents to exorbitant figures than any

other city in the state. The steady increasing attendance at the university partly explains this condition. A new suggestion was publicly made this week that is likely to make extortionate landlords in Madison and elsewhere consider whether they were wise to unfairly boost rents. It is figured that the net increase in rent of apartments and other residences over and above the increased cost of maintaining them is about 40 per cent. The suggestion made is that the assessors when they do their work next spring are likely to add 40 per cent to the assessment of the rented apartments. The actual or potential earning power of a property is always given large consideration in fixing values for taxation. If such a boost in assessments were made there is small likelihood that there would ever be a reduction for the public can always be depended upon to absorb taxes.

It is freely predicted that the price

Tender, Aching Feet Can Be Made Happy

YOU can go home tonight and gain instant relief from the nervous strain of aching, tender feet.

A warm, thick-lather bath with Blue-jay Foot Soap—then a brisk massage with the cooling, soothing Blue-jay Foot Relief, then a slight coating of Blue-jay Foot Powder, delightful and deodorant.

Your feet will feel young again! You'll wonder why you ever permitted yourself to endure the old-time torture. You'll become a permanent user of Blue-jay Foot Treatment, for sale at all druggists.

Write for free booklet—"The Proper Care of the Feet"—to Bauer & Black, Chicago.

Bauer & Black product

of potatoes the coming winter will be between two dollars and three dollars a bushel. If the market can be manipulated the price may reach the high range of two years ago. The commercial crop of the state in 1920 was 26,000 cars. The estimate made by J. A. Becker, crop statistician of the state department of agriculture on September 1 for 1921 was 14,800 carloads. In other words the 1921 crop will be only 55 per cent of the crop of 1920.

Up to September 1, 71 per cent of the concrete road construction undertaken by the highway commission had been completed. That is, of the 347 miles undertaken 246 had been completed. The largest amount of the season was built in the month of July, 84.73 miles. This was at the rate of about 3 1/2 miles a day for each working day.

There has been lately a serious increase in the number of diphtheria cases in the state and the state board of health has found it necessary to call the attention of all health offi-

vers to the fact. The officials of the state board of health believe that the increase in diphtheria is due chiefly to the fact that physicians after successfully administering anti-toxin, and checking the disease do not follow the cases up closely. The result is that

a child who has been saved by anti-toxin may still be a carrier of the disease.

All-Day Football Match
An annual event in the town of Ashbourne, Eng., is a "round-the-

town" football match, which takes place on Shrove Tuesday. The number of players is unlimited and the goals are located in a stream four miles apart. The game usually starts early in the day and lasts well into the night.

CHICAGO SOCIETY LEADERS ENTERING BUSINESS WORLD

Need Something to Take the Place of War Work Declares One Woman

CHICAGO, Ill.—Several Chicago women society leaders went into business for themselves Thursday as their contribution to the new era for women. They announced the formation of two business enterprises, one an investment company and the other an advertising agency.

The women, all of whom gained more than state-wide recognition for their war work, announced their intention of conducting the business themselves, but for some reason not divulged neither firm bears the names of the women connected with it.

"War work with its constant demand on our time is over," said Mrs. Frederick D. Countess, one of the new business women. "We felt that we must have something to supplant it. So we made up our minds to go into business."

"Women of means have sometimes been criticised for taking positions which it was said other women who must earn their living should have. So we are not doing that. Instead we are creating some positions for such women."

HARD COAL PRICES TOO HIGH BUT THE DEALER IS HELPLESS

Freight Rates too High and Prices Can't be Cut Says Market Bureau

MADISON, Wis.—Coal dealers in Wisconsin generally admit that the prices on anthracite coal are too high, the department of markets says in the second section of its fuel report completed today, adding that "this is a condition, however, over which the state dealer has no jurisdiction."

The general complaint was that freight rates were too high and that the present nine wage schedule will not permit of any reduction in prices. A federal commission appointed by President Wilson fixed the wage agreement which does not expire until March 31, 1922.

Further contention was made to the department that an important factor in keeping up the price of coal was the present high wage schedule maintained by the mine and railroad operators, a phase of the question which the department says will have to be settled by the federal government.

"From the investigation made, it would appear that the retail coal man doing a small volume of business would very soon be forced to go out of business if he had to depend entirely upon his coal business for a livelihood, the report says. "The net profit per ton of from 25 to 50 cents on the tonnage handled is insufficient to meet living costs today."

"That is one reason that retail coal men must necessarily seek to combine the coal business with other lines in order to insure a living income. "It might be well to state that the subject of supplying Equity exchanges and Farmers' co-operative companies with coal was taken up and the information obtained was that there had been no willful discrimination against them."

PARDONS FOR FOUR DENIED BY BLAINE

MADISON, Wis.—Four pardon applications were denied Friday by Governor Blaine on the ground that no extenuating circumstances had been shown as a reason for executive clemency. The governor is deciding on the numerous applications which were heard by him last week.

Joseph Knyter of Outagamie county, serving a sentence for murder in the second degree, was denied a pardon. He had killed his wife, and had shown no reason why he should now be given freedom, the governor said.

Two Milwaukee men, Joseph Zatoch, serving one year for burglary, and Frank Horlyk, serving three years for burglary, were both denied pardons together with John Pink of Pierce county serving 18 months on a statutory charge.

ALARM CLOCK AND SERVANT

Members of the Solid Comfort Club and the Morning Nappers will be interested in the invention of Walter Smith of Frankfort, Pa. When the alarm clock is released it rings a bell to awaken him, turns on the bedroom lights and starts heat beneath a tea kettle. The kettle automatically tips when the water boils and pours into the teapot. The drip from the kettle extinguishes the fire.

SPLIT THREATENS IN RANKS OF THE ITALIAN SOCIALISTS

Divided Into Two Groups Supporting or Opposing the Government

ROME—The Italian Socialist party is again threatened with another split, according to Deputy Vincenzo Vaccara, editor of the socialist organ Avanti, who for seven years carried on active socialist propaganda in America. The split now impending divides the party into those who are forever opposed to the government and those who, in the present situation, wish to align themselves with it.

"The right wing of the socialist party is gaining adherents every day," said Deputy Vaccara to The Associated Press correspondent. "We of that wing think the time opportune to collaborate with the government in the work of reconstruction. According to the decisions of the last socialist convention, we are not allowed to participate in the government though there is now opportunity for it and it would advance the interests of the working class."

"If this present socialist party does not want to participate in the government, we who believe in collaborating with the government will leave it and form a new party of our own men. I am sure that a majority of the socialist deputies are in favor of joining hands with the Bonomi government. Large numbers of radical socialists are now turning milder. Our convention meets next October in Rome. The fight between left and right will be fought there and you will probably see two parties formed out of the present Italian Socialist party."

"We have at present 122 socialist

deputies in the house of deputies. Between 80 and 90 of these, in my opinion, want to support the Bonomi cabinet but are prevented by the mandates of the last socialist convention and by socialist policy generally."

ELABORATE PLANS MADE FOR MEETING OF STATE HOTELMEN

Fine Entertainment Prepared for the Convention Delegates Next Tuesday

A luncheon, banquet, auto ride and boat trip on the Mississippi will mark the annual convention of the Wisconsin Hotelmen to be held in this city next Tuesday, September 27. Following is the program for the convention:

9 to 11 a. m.—Auto ride around La Crosse, and through parks.
10 to 12—Business session at Chamber of Commerce (golf for ladies at Country club).

12 to 1 p. m.—Complimentary luncheon at Stoddard hotel.

1 to 4—Business meeting at Chamber of Commerce. (Boat trip on beautiful Mississippi for ladies, courtesy of Mr. Will Ott).

8 to 10—Official banquet Stoddard hotel.

Address of welcome by Mayor A. A. Bentley.

Greetings from President J. J. Felber of Chamber of Commerce.

Reply on part of association by Mr. Ray Smith.

Headquarters for badges and official program, Hotel La Crosse.

Around a hundred people are expected to attend this state convention.

"It is hoped that every one in the city will co-operate to see that the hotelmen and their ladies enjoy every minute of their stay in the Gateway city," said a member of the arrangements committee today.

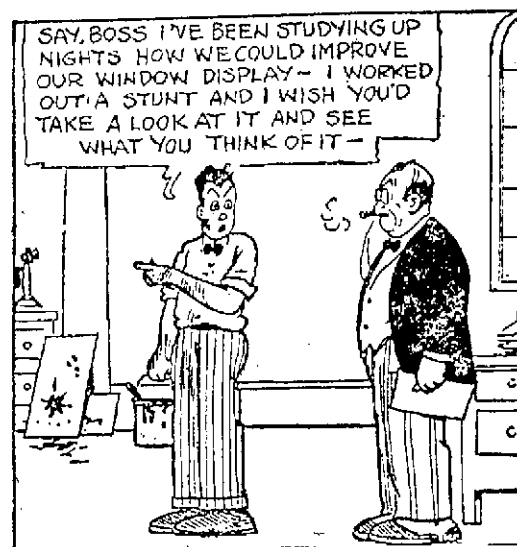

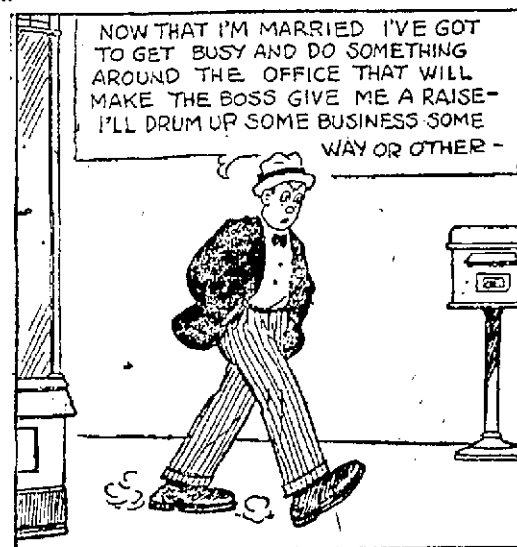

To Be Done With Discretion

"If you want to be really popular with men," says Mr. Arthur Pendennis, "become a widow." This, of course, may be all right, but few husbands can really learn to love a wife who makes a practice of this sort of thing.—Punch (London).

STORE OPEN SATURDAY EVENINGS

GAMES OF WORLD SERIES TO START FIFTH OF OCTOBER

Will Open on Polo Grounds Unless Pirates Nose Out Giants in National League

FLIP OF COIN SETS FIRST GAME ON NATIONAL'S PARK

Two Games to be Played at Each Field Before Moving

WORLD SERIES

Opening game, Oct. 5, on National league grounds.

All games start at 2 p. m. "city time."

If Giants and Yankees win their pennants all games will be played on the Polo grounds, the teams merely changing uniforms every other day.

SCHEDULE

Oct. 5 and 6 National league grounds.

Oct. 7 and 8, American league grounds.

Oct. 9 and 10, National league grounds.

Oct. 11 and 12, American league grounds.

Prices—\$1 to \$5 in New York or Cleveland, \$1 to \$5 in Pittsburgh.

CHICAGO.—The world's series of 1921 will open on the Polo grounds Oct. 5, unless Pittsburgh performs a miracle and noses the Giants out of the National league pennant.

By the flip of a coin it was decided yesterday in the offices of Commissioner Landis that the full series would open on the grounds of the team winning the National league pennant. After that important decision, the date for the first game was fixed for Oct. 5, and it was agreed that two games be played at a decision at the National league park before going to the American league grounds, in case the Cleveland team wins the championship in this league.

If both New York teams are winners, all games will be played on the Polo grounds, the rival teams alternating in home and traveling uniforms every other day.

Case if Pittsburgh Wins

In the event Pittsburgh wins out, two games will be played on the Polo field before going to either Cleveland or New York. Then two games will be played in Cleveland or New York before returning to Pittsburgh.

Only the two New York teams were represented at the meeting with the baseball commissioner, President Johnson of the American league and President Hoyer of the National were on hand early. Representing the Giants were President Charles A. Stoneham, Judge F. N. McQuade, Dick Kinsella and John McGraw. The Yankees' interests were looked after by Col. Jacob Ruppert and Ed. Barrows, President Dunn of the Cleveland club was called out of town and left his proxy with Ben Johnson, President Dreyfus of the Pirates apparently conceded the pennant to New York and did not attend.

SCISSORS, STRANGLE, TOE AND HEAD HOLDS BARRED BY COMMISSION

NEW YORK.—Rules for the regulation of wrestling have been issued by the state athletic commission. Scissors, toe and head holds and the scissors were forbidden under penalty of disqualification.

All matches will be limited to two hours. If at the end of this time only one fall has been effected the winner of the fall will be declared winner of the contest.

Should each contestant have one fall at the end of two hours the referee will order them to continue until there is an additional fall deciding the contest.

A Use For Everything
Give a man enough rope nowadays and he'll manufacture a new dick with it.—Life.

WALLACE BARR DENIED SPECIAL CON EXAMINATION

MILWAUKEE, Wis.—At a meeting of the faculty of the law school Wallace Barr was denied a special examination to remove the condition which makes him ineligible for competition this year. This decision on the fate of the veteran pitcher is the heaviest loss the Badger team could suffer. No man is available who has had experience at giving the signals. Radio Williams now seems the most likely choice for quarter. Settimano was long and hard Thursday. The varsity work was somewhat ragged with the new quarter, but the backs showed signs of brilliant work.

RED HOSE BEATEN BY CLEVELAND, 9-8

Indians Forced to go Twelve Rounds to Bring Home Bacon

MACKS LOSE TWICE IN A DAY TO ST. LOUIS

Two Pitchers Chased as Yanks Win Final, 12 to 5

BOSTON.—Cleveland won from Boston, 9 to 8, in 12 innings, thus keeping pace with New York in the battle for first place. The Indians won on O'Neill's long double to right center. Jimmie Hiltner Speaker's infield out and Jamieson's fast bouncer which Scott could not field in time. Speaker nearly collapsed in running out his roller to Pratt.

Southworth's poor fielding of bunts. Lowe's miff of an easy fly which allowed two runs to score and a Frank three base hit by Walters which Smith lost in the sun were the leading factors in the Boston scoring.

Russell and Thornhill were wild, but the box work of Meyers for the Red Sox and Morton and Caldwell for Cleveland was excellent. It was Morton's second victory in two days.

Score: Cleveland . . . 042 200 000 001—9
Boston . . . 110 400 020 000—8

Batteries: Southworth, Morton, Caldwell and Shinnick; Russell, Thornhill, Meyers and Walters.

Macks, 0-3; Browns, 5-4

PHILADELPHIA.—St. Louis took both games of a double header on Thursday. Sister's home run drive over the center field wall won the second game by the score of 1 to 0, while in the opening game Davis blanked the Athletics, 5 to 0. The Browns bunched their ten hits in the first game off Moore with Davis holding the locals to five hits. Scores:

First game—St. Louis . . . 200 000 300—5
Philadelphia . . . 000 000 000—0

Batteries: Davis and Severoid; Moore and Myatt.

Second game—St. Louis . . . 010 110 010—4
Philadelphia . . . 002 001 000—2

Batteries: Davis and Severoid; Moore and Myatt.

Yanks, 12; Tigers, 5

NEW YORK.—New York defeated Detroit by 12 to 5 on Thursday in the last game of the season between the two teams. The contest was loosely played. Both Rhubarb and Shawkey, the starting pitchers, were removed. Quinn, who succeeded Shawkey, was highly effective. Ward of the Yankees made a home run and two triples in three times at bat. Scores:

Yanks . . . 014 000 000—12
Detroit . . . 012 014 103—5

Batteries: Rhubarb, Danks and Baker; Shawkey, Quinn and Sebang.

PIRATES WIN AND LOSE TO DODGERS

Cincinnati Reds Grab Fast Tilt From Pittsburgh Thurs.

day 5 to 4

PITTSBURGH.—Pittsburgh and Brooklyn split on Thursday's double header, the locals winning the first by 3 to 1 and losing the second by 2 to 0. In the first game the visitors scored the runs in the fourth inning on Griffith's double and Wheat's single. Pittsburgh scored three runs in the eighth on hits by Gooch, Barnhart and Carey, aided by errors by Grimes and Miller. Cooper held the visiting batsmen to six hits in the second game. Scores:

First game—Pittsburgh . . . 000 100 000—1
Brooklyn . . . 000 000 000—0

Batteries: Grimes and Miller; Hamilton, Carlson, Glazner and Schmidt.

Second game—Brooklyn . . . 010 001 000—2
Pittsburgh . . . 000 000 000—0

Batteries: Cadore, Schupp, Smith and Taylor; Cooper, Gooch and Schmidt.

Red 5; Phils 4

CINCINNATI.—Cincinnati defeated Philadelphia, 5 to 4, in a hard 10 inning battle. In the ninth Bohne was hit by a pitched ball. Kopf sacrificed and Bohne was thrown out at the plate on Groh's single. Groh took second on the play and scored on Roush's single. Scores:

Reds . . . 000 011 020 0—5
Philadelphia . . . 130 000 000 1—4

Batteries: Belham, Betts and Egan; Donahoe and Wingo.

Improving Alaskan Cattle

Yaks obtained from Canada are being crossed with Galloway cattle at the government experiment farm in Alaska, with the object of improving local stock.

The Soul of Wit

Do Style—Don't you think girls' dresses nowadays are jokes?—Gambusta—No; epigrams.—Life.

LA CROSSE ENTRY, SILVER WORK, AGAIN TAKES FIRST MONEY

W. N. Millard Repeats Performance of Tuesday by Winning Trotting Event Thursday

WINS THREE SUCCESSIVE HEATS IN 2:19 1-4, MILE

Marion B. Oxford, Wis., Entry, Cops First Money in 2:15 Pace

Silver Work, owned and driven by W. N. Millard, La Crosse, repeated his performance of Tuesday in coping three successive heats in the trotting event, taking first money in a field of eight entries. Consistent time was made by the La Crosse entry, making the mile in each of the three heats in 2:19 1/4. Marion B. Oxford, Wis., won first money in the pacing event.

While Silver Work seemed to be master of the situation in each of the heats, strong competition was afforded by a Virginia entry, Jolly Bell, driven by G. W. Marshall. Jolly Bell took two seconds and a third, approaching the wire neck and neck with Silver Work in the initial heat of the race. The entry won second money in the race.

Conley Boy, driven by Tom McKay, Deloit, figured in the money in the third heat when the entry made a spectacular showing finishing behind the race winner after coming from one of the end positions at the start. Conley Boy was eighth and sixth in the first and second heats.

Perdless Rex, driven by M. B. Hitzler, Minneapolis, won fourth money. Finishing in seventh position in the initial heat of the 2:15 pace, Marion B. Oxford, Wis., took three successive heats in easy style. The fastest time was registered in the first heat when the mile was made in 2:13 3/4. Robert Earl, driven by Hans Mullenberg, Huron, Minn., capped the first heat, taking second in the second and fourth in the two succeeding.

The entry won second money, while Flo Patch, driven by Sandy McDonald, of Blue Earth, Minn., won third money and Dr. Abbott, driven by W. W. Quinn, Westfield, Wis., won last money. The purse was \$500.

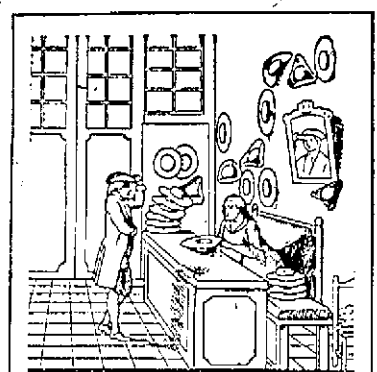

Mildred, the guileless wonder, covered the mile distance in 2:22 Thursday.

WILSON DEPRIVED OF \$35,000 SHARE OF DOWNEY BATTLE

JERSEY CITY, N. J.—The New Jersey boxing commission Friday decided to deprive Johnny Wilson, middleweight champion, of \$35,000 he was to have received for his Labor day bout with Bryan Downey of Cleveland. Wilson was accused of failing to put forth his best efforts in the contest and was found guilty by the commission.

FRUSH CLAIMS TITLE

Baltimore Fighter Claims He Was Fouled Several Times by Kilbane
CLEVELAND, Ohio.—Declaring that he had been deliberately fouled several times, Danny Frush of Baltimore, who was knocked out by Johnny Kilbane Saturday in the contest for the featherweight championship, issued a signed statement Thursday in which he claims the title. He said he was not only fouled in the first round when Kilbane hit him in the groin with his knee, but later on when the champion continued fighting after the bell had rung and Frush had dropped his arms.

THIS picture of a 1780 dandy of that day is particular in his choice of hats.

In 1921 the particular man looks for the Gordon name—its his guarantee of quality and style.

THE CITY SERIES

Final agreement was reached by representatives of the two baseball clubs contesting for the city championship at one o'clock today after a conference which convened shortly after 11 o'clock. Managements of the two teams were deadlocked over a substitute pitcher to be used when it was announced that Achenbach, Wisconsin, could not appear with the La Crosse club as originally planned.

Merritt Bell, Cashton, was decided upon as agreeable to both teams. He will be on the mound for the La Crosse club when the teams clash Saturday afternoon at 4 o'clock city time in the second battle of the city series.

With the exception of the new pitcher employed by the south-siders, and Evans, who according to the original agreement, was to replace Charles Weigant after the first game in the event he was in condition, the lineups of the two teams will be the same as in the first game.

Up until press time manager Satek could not be reached to learn who would represent the north-siders on the mound in the game tomorrow, however, it is generally supposed that Moppy will hurl.

ELKS' BOWLING LEAGUE

In the events of the Elks' bowling league at the Lotus alleys Thursday evening, the Rumpers and the Crows took three successive games from the Maples and the Andlers respectively. Shervin, of the Rumpers, rolled an exceptionally good score, making 205, 225 and 177.

U. S. INFANTRY TEAM HOLDS FIRST PLACE IN RIFLE MATCHES

CAMP PERRY, Ohio.—The United States infantry team finished its third stage over the 300-yard rapid-fire range in the national rifle team match shoot here Thursday morning and still holds first place in the future event of the National Rifle association tournament with a score of 1,380.

The United States Marines team is still in second place with 1,269, eleven

points behind the infantry. The final stage of the match, the one thousand yard range, will be fired Friday.

The United States coast guard service successfully used artificial resuscitation in 15 cases during the year ending June 30, 1920.

Men! How Many Miles A Day Do You Walk?

There is one unfailing test of shoe wearing qualities—and that is service on a mileage basis.

A good shoe should give you 1,000 miles of wear, under ordinary conditions. To insure getting this amount of wear, you should insist upon

INMATES OF STATE PRISON PAID FOR WORK DURING TERM

Wisconsin Plan Has Approval of Majority of Prison Authorities

MADISON, Wis.—Upwards of \$23,500 is on deposit in the banks at Waukegan awaiting the discharge of prisoners now in the state prison. This was the statement of former Warden Henry Town on Friday in discussing the Wisconsin plan in paying prisoners.

"Each prisoner at Waukegan receives three cents a day for each day's work the first year," said Mr. Town.

"After the first year this pay is reduced to one cent a day. The highest amount that I remember any prisoner receiving upon discharge was close to \$200. This was due, however, to the fact that we allow liberal pay for extra and overtime work in various capacities."

"The result of all this is that no prisoner leaves the gates without at least \$9 in addition to his free citizen's clothes. At the winter we, of course, furnish an overcoat in addition. At all times he receives free transportation back to the town where he was convicted and sentenced to Waukegan."

While many states give a man but a five dollar bill when he leaves prison regardless of the time he has spent, it is said that the Wisconsin system has the approval of all prison authorities. It furnishes a sufficient sum of money, in many cases, so that men and women can take care of themselves for the period of readjustment following release after long confinement.

PURPLE FIGURE ON STIFF TILT WITH BELOIT

CHICAGO, Ill.—Although the opening game of the Purple football season against Beloit Saturday at the Evanston field is generally looked on as a practice contest, reports from State Line college press a more than usually hard tilt. Tommy Mills has many experienced players on his squad, and they have been practicing for several weeks, while Coach McDevitt has had only a week and a half in which to build his team.

Although Chuck Palmer resumed his place at quarterback in the scrimmage the last few days, Coach McDevitt has decided to let Gordon Knight direct the Northwestern eleven Saturday. Knight substituted at quarter last season and also played halfback. Palmer will be used as a half.

The team went through the longest afternoon's practice of the season yesterday, scrimmaging until darkness.

WISCONSIN BUILDING PROJECTS NOT TO BE STARTED TILL SPRING

MADISON, Wis.—No new building contracts authorized by the legislature at the last session have been signed by Governor Blaine up to the present time, according to word from the board of public affairs. It is not expected that construction on new projects will commence before spring, with the exception of the soldiers' memorial hospital.

Some contracts may be held up by the governor to hold down expenses as far as possible. Most of the authorized construction is said, however, to be urgently required because of the halt in building since the war.

Over \$2,000,000 in construction has been authorized by the legislature, that remains uncompleted, or still to be commenced. A large amount of work is expected to open up as soon as winter is over.

MILWAUKEE LABOR OFFICIAL RESIGNS BECAUSE OF AGE

MILWAUKEE, Wis.—Frank J. Weber, general secretary of the Federated Trades council, has tendered his resignation effective October 6, giving advancing age as the cause. Mr. Weber, who is 72, has been head of the council since 1892, and has been actively identified with the labor movement for more than two score years. For more than twenty years he has been known as the "Grand Old Man" of Wisconsin labor.

Easy Resolution

"Jagshy insisted on carrying Bibles home last night."

"Well."

"But Bibles insisted on carrying Jagshy home."

"How did they decide the matter?"

"They stayed in town."—Birmingham Age-Herald.

Blondes Disappear in Three Decades

The real blonde types disappear within three generations when transported to the tropical regions. In the course of time it is predicted by an ethnological expert that the people of the United States and Australia will all be dark.

If you dream that you talk much you will be exposed to some malicious plans; if you hear much talking around you be careful of your neighbors.

In The MOVIES

AT THE THEATERS TODAY

LA CROSSE THEATRE—Eloda Sitzer and Beach-Jones players in "Scandal"; Majestic—Clara and Arthur Fagg and Sylvia Braemer in "No. Gully"; Chaplin comedy, "One A. M."

RIVOLI—Constance Talmadge in "Wedding Bells"; Mermaid comedy, "Bang"

THEATRE—Rochester medical company in "Gee She's a Nice Girl"; comedy, "Pals"; Riviera orchestra.

CASINO—Big cast in "The Fourth Face"; comedy, "The Baby"; Frank Mayo in "The Blazing Trail"; Fox News.

CONSTANCE TALMADGE—RIVOLI

It's a strange state of affairs indeed when an ex-husband's bachelor dinner on the eve of his marriage to his second wife is interrupted by a most friendly call from the first wife who is still sufficiently in love with him to regret that she has her divorce, and who is strongly averse to allowing any other woman to have him. But this is precisely the situation in "Wedding Bells," Constance Talmadge's latest release which is now being shown at the Rivoli theatre.

There are scores of other appealingly humorous situations in this production which was adapted from Salisbury Field's stage play of the same title. Directed by Chuck Withey and with a cast comprising Harrison Ford, Billy Chichester, Ida Lupino, James Harrison, William Roselle, Polly Mann, Dallas Wolford and Frank Mendia, this picture has been declared by critics to be one of Constance's very best.

SYLVIA BRAEMER—MAJESTIC

In the filming of "Not Guilty," which is presented at the Majestic theatre, the film world has taken the stride of a decade in the most remarkable double exposure work ever flashed upon a screen.

Without the use of "doubles," Sidney Franklin and his co-director, Millard L. P. Webb, have succeeded for the first time in causing a char-

acter playing a dual role to shake hands with himself. In many pictures dual roles have shaken hands—supposedly. But even picture fans have been quick to detect the fact that only the face of one is turned toward the camera. That, everybody realizes, is certain evidence of the use of a double.

Another mystifying bit of camera work is in the scene where Richard Dix, in the dual role of twin brothers, stands behind his own back as both characters face the camera. Strangely enough, efforts are now being made by followers of fluidity to determine how such scenes were photographed.

The Majestic also offers Fagg and White, blackface comedians, and Clark and Adler, singing fun-makers, in two vaudeville numbers.

TOM MOORE AND MUSICAL COMEDY AT RIVIERA TODAY

Tom Moore is "Hold Your Horses" and Rochester's Musical Comedy company in "Gee She's a Nice Girl," comprising the double program at the Riviera today and Saturday. It also is the last two days of the musical comedy company at the north side theatre.

Tom Moore's picture is a delightful comedy, played as only an Irishman like Moore could play it. Briefly, it is the story of an Irishman who rose from the job of street cleaner in New York to the position of political boss of the metropolis.

"THE FOURTH FACE"—CASINO

"The Fourth Face," a mystery picture that is full of thrills, is the feature picture at the Casino today and Saturday. The scenes are laid in New York's historic Washington Square. It is a picture of many odd mysterious turns wherein a crime is committed in one of New York's millionaire homes. "The Fourth Face" unravels one of the most interesting and mysterious problems ever conceived.

FRANK MAYO—STRAND

The Blue Ridge mountains of Virginia, vibrant with the spirit of love and battle, is the locale of "The Blazing Trail," the much talked of Universal photodrama in which Frank Mayo is starring at the Strand today and Saturday. The story deals with a young physician whose mind snaps under the lash of overwork. He goes to the Blue Ridge and steps into a cyclone of adventure which will thrill everyone who views the production.

ARREST 34 IN JAIL PLOT

JEFFERSON CITY, Mo.—Thirty-four men are under arrest here as a result of the discovery of a plot to make possible a wholesale escape of prisoners from the Missouri penitentiary, according to prison officials.

PRAY FOR PEACE

NEW YORK.—A prayer for peace by Baptists in every part of the world on Armistice day is being planned by the promotion board of the Northern Baptist convention.

Good Reason

"I don't see why you call your place a bungalow," said Smith to his neighbor.

"Well, if it isn't a bungalow, what is it?" said the neighbor. "The job was a bangle, and I still owe for it!"—Petterson's Weekly.

BENDEL'S BROTHER RAISES 13-FT. CORN ON RUSHFORD FARM

RUSHFORD, Minn.—John Bendel of La Crosse, Wis., vicinity, who is owner of the now famous Bendel farm which produces record-breaking crops of all kinds, especially of corn, is a brother of Joe Bendel of this city. The John Bendel farm has this season produced a field of corn, the stalks of which are thirteen feet in height and heavy with ears. The land upon which it was raised was originally used as a cow pasture and the corn is one of the sights of the county.

BLAINE WELCOMES 2,000 FRESHMEN TO STATE UNIVERSITY

Enrollment at Wisconsin Reported as 400 Larger than Last Year

MADISON, Wis.—Over 2,000 freshmen at the University of Wisconsin will be welcomed Friday by Governor Blaine, President E. A. Birge of the university and upper classmen of the institution. The huge event in which thousands participate is held on the upper campus.

An increase of nearly 400 students is shown in the official figures of registration announced by the university. Late registrants may raise the total to 7,000. It is thought, an increase of nearly 500.

At the close of registration Thursday, 7,131 students had enrolled as compared to 6,741 at the same time last year.

Early figures included 4,610 men students and 2,491 women. There are 2,170 freshmen, 1,423 sophomores, 1,582 juniors, 1,102 seniors, 500 graduate students and 113 special or unclassified.

A KISS FOR A VOTE!

Ruby Miller, London actress, is a strong supporter of the Lloyd George government. That's why she is kissing this English butcher. The butcher intended to vote for the Lloyd George candidate in the Abbey by-elections anyhow, but he didn't say so until after he received the kiss.

Day in Society

ALASKA MISSIONARY ENTERTAINS GROUP OF EPISCOPAL MEN

AT THE GUILD ROOMS of Christ Episcopal church on Thursday the men of the church were entertained at supper and enjoyed a delightful evening socially. The tables were prettily laid and enhanced by the flowers of the season with places for fifty-five. Rev. J. H. Lundin, rector of Christ Episcopal church at Madison, addressed the men. The Rev. Mr. Lundin served for seven years at a missionary in Alaska, and is a most interesting speaker. Rev. Horatio Gates of the diocese of Fond du Lac, also spoke. This was the first of a series of men's gatherings which will be held at Christ church. The Rev. Mr. Gates is the guest during his stay in town of Mr. and Mrs. A. F. Espersen.

MR. AND MRS. THEODORE DICKSON of Sparta announce the marriage of their daughter Marie, to Dr. Robert Eamert Flynn of this city, which took place Tuesday, September 20, at Sparta.

MRS. HERMAN E. WOLF was hostess at luncheon at the Country club on Thursday. Places were laid for thirty-two at tables which were covered by fall asters in purple and white.

MR. AND MRS. Adolph Gundersen and family returned Wednesday from a summer's visit to Norway. They were gone about three months.

MRS. C. N. ANGLIER, who has been visiting Mrs. L. P. Easton, Miss Frances Silt and other friends, has left for her home in New York city. She will stop enroute at Kent, Ohio. At the home of her daughter, Katherine. Joseph Miller is a junior in Cornell college.

THE A. J. SODERBERG family will spend the week-end at their cottage at Seaside Point.

MISS LOUISE PLATT has gone to Berlin, N. Y., where she will enter a girls' school.

THE LADIES' AID society of the German Reformed church of Mormon Center will give its annual chicken supper Sunday, September 25, at the Mormon Center hall. Sewing will begin at four o'clock.

MRS. GEORGE LINT, 1545 Loomis street, delightfully entertained in honor of her birthday. The table was prettily decorated with roses, the colors being carried out in pink, yellow and white. The hostess was the recipient of many pretty gifts. Places were laid for fifteen.

MR. AND MRS. Charles Anderson and daughter Gertrude, Mr. and Mrs. W. M. Dell and little son Louis, have returned from a motor trip to Rushford, Oak Ridge and Winona, visiting the Fred Wadkman family at Minnesota Ridge.

MR. AND MRS. Wankman and daughters, Helen and Ella, of Winona, were in La Crosse Thursday and attended the fair.

THE LA CROSSE County Community council will serve its first luncheon on Saturday, October 1, at half-past twelve at the Chamber of Commerce. It is hoped that there will be a large number of the members in attendance.

MR. AND MRS. R. J. Cyrenauk, 1730 South Front street, announce the birth of a son, Jerome Joseph, at St. Ann's hospital on Tuesday, September 20.

Total of 14,512 train accidents in 1922 cost \$15,022,084. The first Y. W. C. A. room was opened at Boston in 1851.

VOLIVA BACKS BIBLE TO PROVE THAT THE EARTH IS NOT ROUND

Zion, Overseer Prepared to Refute Assertions that Earth is a Sphere

CHICAGO, Ill.—The story of "The Village that Voted the Earth is Flat" has an earnest adherent in Wilbur Glen Voliva, overseer of Zion, the religious community that Alexander Dowle founded at Zion City, a little to the north of Chicago.

Declaring that there is no proof whatsoever of the sphericity of the earth or that the earth has any motion, Overseer Voliva says he is "prepared to refute modern astronomy, scientifically as well as from the standpoint of the Bible."

Here are some of the points he advances:

"All standing water is level. Let anyone disprove it if he can. They cannot disprove it. This is conclusive evidence that the old Pythagorean-Copernican system of sphericity of the earth is false.

"A man stood at Kingston, Jamaica, and saw the lighthouse at Havanna Harbor, 82 miles distant, which is another conclusive proof that the sphericity of the earth is a fake.

"The midnight sun has been seen hundreds of times, but it would be absolutely impossible to see it on a sphere. You would have to look through hundreds of miles of earth and rock.

"There is a railroad in South America two thousand miles long which is almost perfectly level. The Suez canal is a hundred miles long without bends and with scarcely any rise at all. Where is your curvature of the earth? There is none.

"No wonder higher critics and modern believers in the Copernican system of astronomy laugh at the flood and say that such a thing as a spherical earth does not occur on a globe or a spherical earth—and I agree with them. They are perfectly right. That is what the devil intended when he invented the modern astronomical theory—to destroy the Word of God.

"They say that eclipses are caused by the earth passing between the moon and the sun, causing the shadow; but how can you have an eclipse with both the sun and the moon above the horizon? It is a matter of record that there have been a number of eclipses with both the moon and the sun above the horizon. No one knows what causes eclipses.

"They tell you that the sun is 92 million miles away. I laugh at that, not only as a mathematician but also as a student of God Almighty's word.

"If God Almighty created the earth and then created a light to light it up and put it 92 million miles distant and make it a million times larger than the earth? What kind of a fool would build a house in Kamoshia and erect a light a hundred miles from it to light up the parlor?

"They say that science is not speculative but if science is true, then there can be no conflict between it and the word of God—but when it comes to the word of God, they have not a leg to stand on. I will take the word of God and down any modern astronomer on the face of the earth and dispose of him in less than thirty minutes."

ARRAIGN DEFAULTING CASHIER PORTLAND, Ore.—Robert L. Bean, cashier of the Mezanook National bank, of Camden, was arraigned here Friday as a defaulter to the amount of \$257,000 on a secret indictment returned by the grand jury in the federal district court. Miss Ella M. Mackey, a bookkeeper in the bank, was indicted on the charge that she aided Bean.

Edison Disclaims Honor Edison was identified with the early manufacture of some typewriters, but he disclaims any honor for the invention of the machine. He says it was Sholes.

Sweden uses 20 shiploads of aspen each year to make matches.

GRADUATED TAX ON U. S. CORPORATIONS PROPOSED BY WALSH

Offers Plan to Take the Place of Suggestion for Flat 15 Percent Levy

WASHINGTON.—A graduated tax on corporations in lieu of the republican plan for a flat 15 percent levy is proposed in an amendment to the tax revision bill offered Thursday by Senator Walsh, democrat, Massachusetts, in collaboration with Senator Gerry, democrat, Rhode Island. Under the amendment corporations having net incomes of \$100,000 or less would pay at the rate of ten percent, those having incomes from \$100,000 to \$500,000 at 15 percent and those having incomes above \$500,000 at 20 percent.

Senators Gerry and Walsh sponsored another amendment proposing reductions in the normal income on individuals to two percent in the case of persons having incomes of \$5,000 or less; four percent for incomes of from \$5,000 to \$10,000 and six percent for incomes from \$10,000 to \$15,000.

Senator Walsh explained that this would bring about a loss of \$105,000,000 in revenue which he proposed should be made up by a tax of one cent a gallon on gasoline to be paid at the source and retention of the corporation official stock tax, which the committee bill proposes to repeal. Senator Walsh said the gasoline tax would yield from \$100,000,000 to \$200,000,000 and the capital stock tax about \$80,000,000 annually.

THE HOLMEN CHURCH NOTES

Mission festival in the Holmen church the coming Sunday. Rev. Christopherson, from Pigeon Falls will conduct the services, which commence at 10:30 in the morning. The morning services will be conducted in the Norwegian language, the afternoon services in the English language. The usual offering to the missions will be taken.

The Holmen and Long Coulee Ladies' Aid will serve dinner.

Everybody cordially invited.

Norwegian services in the Lewis Valley church at 2 o'clock in the afternoon, E. Berran, pastor.

To Cure Hiccoughs

A New York physician has a new theory about the cure of hiccoughs. As it is a spasmodic contraction of the diaphragm, he effects a cure by a pressure about the diaphragm.

Keeping Books

Leather bound books should be kept where the air is hot and dry and circulates freely enough to prevent the natural oil of the leather drying out too rapidly.

If you feel sick and do not know what ails you, Consult Your Doctor

If you have a prescription to be compounded, or need drugs and sick room supplies SEE HOESCHLER'S

A mother's problem—what food gives back the energy a child uses up daily?

CHILDREN use up a tremendous amount of energy every day. Every mother of a healthy, sturdy youngster will testify to this. Children need richly nourishing food to supply this energy, and also to supply food for growth.

The selection of this food is your most important duty. You cannot give too much care to this matter. Grape-Nuts, the rich, wholesome cereal, made from whole wheat flour and malted barley, with milk or cream, supplies very necessary requirements for the growing child.

If you want to help your children to be rosy, sturdy, full of vitality and vigor, give them plenty of delicious Grape-Nuts, crisp, sweet and satisfying

Go to your grocer today and get a package of health-building Grape-Nuts. Give the youngsters this invigorating food with milk or cream, and see how they will thrive on it and grow strong, robust and sturdy.

CATHOLIC CHARITIES CONFERENCE ELECTS SHAHAN PRESIDENT

MILWAUKEE, Wis.—The Right Rev. Thomas J. Shahan, D. D., was elected president of the National Conference of Catholic Charities Thursday. Mrs. Nicholas Brady, New York, Joseph P. Gallagher, Philadelphia, J. A. McMurry, Boston, Mrs. Mary Y. Moore, Los Angeles, Mrs. P. J. Lewis, Chicago, were elected vice-presidents; the Rev. John O'Grady, Washington, D. C., was re-elected secretary, and Mrs. Frank Crovo, Chicago, assistant secretary. The treasurer, Hon. William H. De Lacey, Washington, D. C., was re-elected. The Right Rev. Shahan, D. D., is chairman of the executive committee.

Resolutions were adopted to raise the standard of case work by training and appointing a standing committee. Resolutions were also passed condoling the death of Cardinal Gibbons. Archbishop of Baltimore, along with resolutions of congratulations to different leaders of the Catholic Workers.

STRIKE TIES UP RAILWAY TRAFFIC THROUGH AUSTRIA

VIENNA.—Railroad traffic through-out Austria has been tied up by a strike called because of the objections of the workmen to the governments

graduated increase in their September allowances.

Failure of the council of ambassadors to act on the Burgenland situation and sensational rumors from that territory along the Hungarian border have caused newspapers here to speculate on the downfall of the Austrian government.

Glass Now Blown by Machine

For centuries all the glass made was blown by human lung power and it was thought that the work could never be done by machine. At present nearly all is blown by compressed air.

UNFAIR PROFITS ARE MADE BY ARGENTINE PACKERS IS CHARGE

Most of Plants Controlled by
British or American
Capital

BUENOS AIRES.—Stagnation in the meat industry and a severe drop in the price of livestock has precipitated public discussion of the responsibility of the packing house concerns for the situation, nearly all of which are controlled by American or British capital. Charges that the packing house plants, or "frigorificos," have been making exaggerated profits have been aired in congress and a bill has been introduced for the Agrarian league to prevent the packers from buying cattle at less than a minimum price.

These alleged excessive profits are also credited by Ronald Macleay, the British minister to Argentina, with being one of the principal causes of the depression, according to the government organ, La Epoca. He is quoted as having made this statement to Foreign Minister Puyrredon when the latter asked him to request his government to take some measures to "improve" the price of meat in England, which is Argentina's principal market and is reported to be overstocked. Mr. Macleay agreed to transmit the request but pointed out that the British government could exert but little influence over the "frigorificos."

The Agrarian league, in support of the bill to establish a minimum price for livestock, declared in a note sent to Congress that "the meat trade was being made the object of undue abuse and speculation by the 'frigorificos'."

The note called attention to alleged profits made by two packing concerns controlled by a Chicago packing house which, it says, earned 32.28 per cent and 63 per cent in one year on their capital registered here of \$22,500,000 and \$22,088,000 gold, respectively. The note also called attention to similar restrictive measures adopted in the United States, Canada, Australia and New Zealand, and to the prohibition against the establishment of American packers in the two latter countries.

On the other hand, a local official of the packing concerns, in a statement published in La Nacion, disputes the figures of the Agrarian league, saying that the concern which was reported as having earned 32.28 per cent, in fact only made a net profit last year of 10.67 per cent. He stated that the higher figure was arrived at by adding the accumulated reserves to the year's earnings and that a similar proceeding was carried out with the other concern referred to.

Commenting upon the proposed law the official stated that the prices paid locally were strictly in accordance with foreign demand for Argentine meat and could not be controlled here.

Government supervision of the profits of the "frigorificos," the establishment of a great national frigorifico or the expropriation of one of the existing plants for the purpose, are under consideration for recommendation to the government, by the Argentine Rural society.

Opposition to such measures was expressed at a meeting of 200 business men to form an "organization for the defense of Argentine production." They favored combined action between the livestock raisers and the "frigorificos" for mutual defense against low prices.

The Critic (darkly)—There's one handy thing about this modern art—the less you study it the better you understand it.

MUSICAL COMEDY OF GOTHAM FAME TO BE HERE TWO DAYS

One of those epoch making successes, "Irene," will be presented in this city soon by the Vanderbilt Producing company for two days, October 2 and 4. The record which this most marvelously refreshing musical comedy has achieved in New York during its unparalleled run at the Vanderbilt theater of two years has never been equalled in theatrical history. A few facts will illustrate the truth of this claim. The receipts for "Irene" at the box office of the Vanderbilt theater from the date of opening for the first six months were so huge they permitted the formation of the producing company named for the theater which sponsored the piece. This company foundation was made necessary in order to accede to the requests for "Irene" companies to visit the cities of the United States and London. As the east does not require a star, Edith Day, who first played the role of Irene O'Dare in New York, was sent to London to head the company there. This company and also the Chicago, Boston, Washington and Philadelphia companies were all selected by Mr. James Montgomery, the author of "Irene," and received their original training as members of the New York company appearing at the Vanderbilt when they were better perfect and enjoying the prestige which a successful New York appearance guaranteed to them. At present there are "Irene" companies playing on every continent on the globe. There are touring "Irene's" in South America, Africa, India, Australia, Sweden and the British Isles, and a company continuing in London—a sensational run—which began over a year ago and promises to keep on indefinitely. The music by Harry Tierney and the lyrics by Joseph McCarthy are familiar to every theater goer in the United States. The appearance of this celebrated musical comedy in this city will be enriched by the same scenery and beautiful costuming which the stage director, Mr. Edward Royce, of international fame established for "Irene" at its initial presentation in New York.

How Yeast Vitamon Tablets Put Flesh On Thin Folks

Strengthen The Nerves and Invigorate The Body—Easy and Economical To Take—Results Surprisingly Quick.

Healthy flesh on your bones, increase your nerve force and power, clear the skin and complexion and look and feel 100 per cent better, simply try taking two tiny Mastin's VITAMON tablets with each meal and watch results. Vitamon contains highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C) and is now being used by thousands. It positively will not upset the stomach or cause gas, but, on the contrary, is a great aid to digestion, to overcome constipation and as a general conditioner of the whole system. Complete satisfaction absolutely guaranteed or the trial costs you nothing. Be sure to remember the name Mastin's VITAMON—the original and genuine yeast-vitamins tablet—there is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists, such as Hoeschler Bros., Hebbard & Co., The Rexall Drug Store.

What The Arms Parley Means To The World

Something worse than failure may be the alternative to success when the representatives of five nations meet in Washington on November 11th to discuss the limitation of arms. For if the twenty men who will speak for the United States, Great Britain, Japan, France, and Italy fail to reach an agreement, some editorial observers aver, they will leave the world in a far more desperate position than if the conference had never been held. The failure of this portentous experiment could "sow throughout the earth the dragon's teeth of distrust," declares the San Francisco Argonaut, which is convinced that this "will not be a case where it was better to have tried and failed than never to have tried at all." Lord Northcliffe declared the other day at Honolulu that "if the conference on disarmament should fail, the consequences will be utterly disastrous to the whole world."

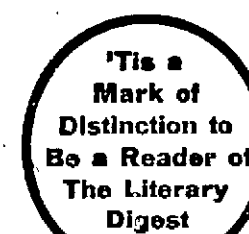

There is much in THE LITERARY DIGEST this week (September 24th) that will throw a flood of light upon the coming arms conference at Washington. The leading news-feature takes up the question of what would be the outcome if some understanding is not reached, and its effect upon civilization. "British Hope in the Washington Conference" is another article that outlines, in the words of great British newspapers, what the British nation hopes to achieve at Washington, while still another article explains the reason why the churches of America have fixed November 11th as a day of prayer for a limitation of arms.

Other striking news-features in this number of THE DIGEST are:—

- Is Business Turning the Corner?
- Six Months of Harding
- Importance of Landis Wage Decision
- Will "Tino" Enter Constantinople?
